VIN Students

After graduation, I am entering...

PRIVATE PRACTICE
(or other employment)

(non-internship/non-residency)

To help relieve the stress of being a new graduate, **VIN MEMBERSHIP** rates are discounted for the first two years after you receive your veterinary degree.

70% OFF *the first year*
40% OFF *the second year*

Many employers offer **VIN MEMBERSHIP** as a benefit for their employees. It never hurts to ask.

Consider also enrolling for **VIN's Virtual Veterinary Internship** which is offered at NO extra cost as part of **VIN MEMBERSHIP.**

INTERNSHIP

Entering a UNIVERSITY internship

Interns at academic institutions are eligible for complimentary **VIN MEMBERSHIP.**

Simply provide a university e-mail address (name@school.edu) and your expected program completion date to VIN before your student membership ends.

Entering a PRIVATE PRACTICE internship

If at least one of the veterinarians at the clinic is a paying member of **VIN**, you are eligible for discounted membership ($50.00 U.S./program duration) as a *private practice intern.*

Your mentor must contact **VIN** and verify your internship and program completion date.

RESIDENCY

Entering a UNIVERSITY residency

University residents are eligible for **FREE VIN MEMBERSHIP** by providing a valid university e-mail address (name@university.edu), area of study and expected program completion date to **VIN.**

Entering a PRIVATE PRACTICE residency

Private practice residents are also eligible for complimentary **VIN MEMBERSHIP.**

Your program advisor or supervisor must contact membership services with confirmation of your residency and its duration.

If you are the only veterinarian member on VIN at your clinic, New Graduate or regular membership rates will apply based on your graduation date.

To help you transition, your FREE student VIN membership continues for three months after the date of your graduation.

All colleagues using VIN must have their own login account. Sharing logins is NOT allowed.
Your current VIN account is yours for life. Update your profile today.
